# COVID-19 RESOURCES FOR CHILDREN AND YOUTH WITH SPECIAL HEALTH CARE NEEDS

# Catalyst Center COVID-19 Resource Series on Medicaid, CHIP, and the CARES Act

The public health emergency resulting from the COVID-19 pandemic has had real implications for state Title V programs as well as families raising children and youth with special health care needs (CYSHCN).

In the summer of 2020, the Catalyst Center developed fact sheets to address a variety of relevant topics, such as Medicaid and CHIP programs and the CARES Act.

- Flexibility for States: Medicaid and CHIP Programs
- The Coronavirus Aid, Relief, and Economic Security (CARES) Act and Health Coverage
- The Coronavirus Aid, Relief, and Economic Security (CARES) Act and Employment

# **Archived COVID-19 Resource Library**

The Catalyst Center curated a collection of COVID-19 resources from numerous reputable organizations on a variety of financing and coverage related topics. This resource library previously was available as a unique page on the Catalyst Center website. In April 2022, the Catalyst Center decided to archive these resources and highlight information related to the end of the COVID-19 Public Health Emergency, available here. The resources in this archive document were last reviewed on April 26, 2022.
